

True Love That Lasts Movement

Participant's Guide Introduction

Inspired by *Pope Francis*

Based on *Pope Benedict XVI*

Promoted by *Bishop Caggiano*

Guided by *The Secret of Growing True Love That Lasts*

Goal of This Journey

- To offer you an experience not-readily-available
- To help you on your journey
- *To enjoy and love your spouse*
- *A little bit more each day*
- And share this journey with those you care about.

Inspired by **Pope Francis**

*“Don’t they (the media) realize that the family, all over the world, is in crisis?
And the family is the basis of society!
Don’t they realize that young people don’t want to get married?”*

Based on **Pope Benedict XVI**

Our book, *The Secret of Growing True Love That Lasts*, could not be written until there was a QEP (Quick-to-learn, Easy-to-use, Proven-to-work) explanation of True Love.

Pope Benedict XVI’s encyclical *God is Love* (Deus Caritas Est) and his Lent Letter of 2007 provided exactly that¹.

Promoted by **Bishop Caggiano**

“Pope Francis is clear: Marriage cannot be improvised. A good marriage takes commitment and hard work.

In their book, Jim and Carol Steffen outline a very simple recipe for a strong, healthy marriage. By asking **one question a day**, husbands and wives can work together to build a relationship that endures.

I invite couples of ***all ages and experience*** to take up Jim and Carol’s challenge of growing true love that lasts using the *one question a day*.

¹ To receive a copy of this life-changing Lent Letter of 2007 google “Benedict XVI Lent Letter 2007.”

Guided by *The Secret of Growing True Love That Lasts*²

The book guided Maria and John (and the reader) as they search for a QEP(Quick-to-learn, Easy-to-use, Proven-to-work) method to grow their true love daily, to build a very happy marriage and to avoid the sadness of an unhappy marriage leading to divorce.

In this allegory, you relive Maria and John's dreams, hopes, and fears as they discover:

1. The **single amazingly simple question a day** based on Pope Benedict's insights that grow their love and enjoyment of each other a little each day.
2. The key to sharing with their partner **what they really want** in a way that builds the relationship.
3. How to bring God into the picture **as a Partner** for greater marital and eternal happiness.

Challenge 1 ...To Offer You an Experience Not Readily Available

Learning from Our Alumni

I especially liked... *"It was an important reminder to build better relationships, habits and more importantly new habits with your spouse of many years." Scott J.*

I especially liked ... *"Being coached to embrace conversations with others in different types of relationships from both longer and shorter ranges of relationship." The couples ranged from 57 years married to just started dating six months ago. Scott J.*

I especially liked... *"You learn (really learn!) about questions you should ask yourself on what you are looking to make better and find out true ways you can do this for yourself and your partner." Scott J.*

"I enjoyed and learned from hearing other couples' history and insights. We enjoyed it so much we decided to touch base in a month with each other." MF

"In the Partners Couples... I believe this is where the most growth occurred. It was great to establish a personal connection with our partner couple and have the ability to expand/cultivate our thoughts and things we didn't think of on our own. JM

*"This course makes you look at your relationship with your spouse in ways you **probably never considered**. It opens your eyes wholistically and makes you consider other things that your spouse brings to your life. KG*

*"The most important part of this experience was **the dialogue the class created between me and my partner outside the class/partner couple.**" JM*

Overcoming Challenge 1 To Offer You an Experience Not Readily Available

- Past participant report: this is an experience, not readily – if ever – available to them before.

Challenge 2 ...To Help You on Your *Journey*

-Journey vs Read a book or look at pictures

A journey to climb Kilimanjaro

- Flying over 7,000 miles
- Four days up
- Sleeping in tents
- Carrying with help – all tents and food
- The anticipation
- The preparation
- The cold
- The thinner air
- The animals
- The others on the trip
- The weather - uncertain
- The beauty
- The beauty of the clouds
- The beauty of the sunrise
- The beauty of the sunsets
- The sheer massiveness of the mountains
- Closer to nature in the long – cold nights
- How great God is

Vs You and I looking at pictures

Overcoming Challenge 2 ...To Help You on Your *Journey*

- *Join the Journey*

- *This is much more than looking at pictures, reading a book or joining a book club*

Challenge 3 ...Your Investment

...to make your *unique journey*³ that will contain experiences not readily available to..

...enjoy and love your spouse

...a little each day

...starting immediately and lasting a lifetime

- Read the book

- Less than two hours

- A fast moving allegory that contains all the insights of Pope Benedict XVI on love

- Each week for Five Weeks

Weekly Time	Suggested activity on your journey
< 2 hours	Review the Participant's Guide, reread section in book, fill out Guide Ideally with your spouse ⁴
30 m	Discuss Participant's Guide insights with your Partner Couple (Some alumni report this was the most valuable part of the journey)
75 m	Team meeting with Coach (Webinar)
< Four Hours	Total time needed each of five weeks

Total Investment Needed for this Journey

< 2 hours	Read the book
1 hour	This Introductory session
< 20 hours	Five Sessions (<4 x 5 = < 20)
< 24 hours < 1 day	Total Investment of time for <i>benefits that start immediately and last a lifetime</i>

Overcoming Challenge 3 ...Your Investment

*Your investment is a little less than one day
to grow in the enjoyment and love of your spouse
each day, every day for the rest of your life*

³ Remember, this is *your journey* (like climbing your Kilimanjaro) for taking your relationship with your spouse to a higher level. If you just want to "look at the pictures (i.e. just know the questions) and not enjoy the unique experience of the journey go to page 163 in the book. The questions are all there.

⁴ Couples report they get much more from the book and Participants Guide on the internet when they do it together. However, individuals whose spouses were unavailable have participated alone are reporting huge benefits. See Chapter 10.

Challenge 4 ...A little bit more each day and Kaizen

- Is a little each day even possible???
- **Kaizen and W. Edward Deming**
 - End of WWII Japanese products were universally seen as *junk*
 - In just 50 years Deming and Kaizen changed that, e.g. Japanese car highest quality
 -
- **Kaizen means *Little improvement each day***
 - Not by decree of upper management
 - Critical Key: Each person improving a *little each day*
- **Each person using question of day four things immediately happen**
 1. Questioner has a positive attitude
 2. Question guides positive action to spouse
 3. Relationship grows a *little each day*
 4. Marital happiness grows a *little each day*
- **Delightful Conclusion**
 - **The Question of the Day gives us the tool to follow Kaizen, i.e. a little improvement each day**

Overcoming Challenge 4 ...A little bit more each day and Kaizen

- Critical Question

Question: Are you convinced it's worth the time and energy to *schedule* the time?

- I hope the fact that you are still with us says you are.
- I promise at the end show you a very simple method to schedule the time.

Challenge 5 ... Building the *Daily Question Habit*

- The habits you have built over the years will not be easy to refine or change in such a short time.
- You are already very busy with many other things that demand your attention.
- Giving yourself a common sense *Significant Competitive Edge* will help you.

The Significant Competitive Edge Principles⁵

Discovery Principle

When you **clarify in writing exactly** what you want to remember,
you give yourself a **significant competitive edge** to remember and use it.

Because it's written, it's: 1. Clearer 2. Easier to remember or do 3. And share with others

Focus Principle

When you **write** the improvement you will focus on this next week,
you give yourself a **significant competitive edge** to successfully improve this next week.

Why

1. Writing it makes it clearer what you're trying to do
2. Writing it you can post it to review daily – or even more often
3. Writing it facilitates the Accountability Principle

⁵ This Significant Competitive Edge can be viewed as giving yourself a competitive edge over others. However, the main focus in giving yourself a Significant Competitive Edge is for you be able to receive more benefits from this Participant Guide. It will also make it possible for you to get and be able to give so much more in your partner meeting and possible webinar. This will give you a Significant Competitive Edge over your possibly less effective habits of the past.

Accountability Principle

*When you are accountable to **share your recorded progress** with your partner, you give yourself a **significant competitive edge** to regularly improve.*

This Accountability Principle works well when you share with your spouse and/or Partner Couple.

1. The synergism between couples leads to greater insights, e.g. more lasting benefits.
2. To facilitate the Accountability Principle:
 - help you do
 - what you want to do
 - but *would not* do
 - if you *did not have* a partnering couple,
 - i.e. hold your feet to the fire.
3. Build a great relationship and make the webinar/journey more fun

Overcoming Challenge 5 ... Building the *Daily Question Habit*

In the Participants Guide there will frequently be opportunity to give yourself a Significant Competitive Edge using these principles.

This will make it easier to build the Daily Question Habit.

Challenge 6 ... To Use *Points to Ponder* well

When you use *Points to Ponder* well:

- You clarify what a section or quote means *to you*.
 - There **are no right or wrong** answers
 - Just what the section or quote **means to you**.
- You give the Holy Spirit an opportunity to inspire you.
 - You are the first person to benefit, but not the only one.
 - Your spouse, partner couple and the entire team benefit when you share your insights.

Learning from Our Alumni
